Languages & Competencies: English (Professional Working) · Russian (Native) · Kazakh (Native) · Cross-Cultural Communication · Stakeholder Management · Evidence-Based Decision Making · Child Rights Advocacy

PROFESSIONAL EXPERIENCE

UN Volunteer (National, Associate) — BMA Enumerator
Sep 2026 – Present

International Organization for Migration (IOM) Kazakhstan, through United Nations Volunteers (UNV)

- Conduct village-level Baseline Mobility Assessments through structured interviews with key informants and individual surveys with international migrant workers.
- Plan daily schedules and target areas with field supervisors; submit completed forms through KoBo Toolbox.
- Validate information by cross-checking sources; keep detailed records; maintain confidentiality, informed consent and ethical standards.

Logistics Manager & Data Analyst
Feb 2026 – Sep 2026

CT AGRO GmbH · Full-time

- Managed end-to-end supply chain operations including procurement planning, supplier coordination and import documentation under Incoterms (EXW, FCA, DAP).
- Conducted inventory data analysis for spare parts and agricultural machinery, identifying shortages, excess stock and obsolete items; built self-updating Excel dashboards with INDEX/MATCH, IFERROR and dynamic dropdowns.
- Developed a supplier comparison model for Total vs. Shell lubricants with automatic EUR→KZT conversion; reduced analysis preparation from several hours to 10 minutes.
- Independently coded 127+ spare parts items under the OKTRU classifier using fuzzy matching logic, accelerating tender preparation and reporting.
- Built an automated payment distribution system in Excel prioritizing supplier payments based on status, excess and remaining balances.
- Developed Python scripts to automate translation and processing of invoices, receiving reports and logistics documents.

Assistant Director of Logistics
Jul 2025 – Sep 2025

Azurite Logistics · Contract (internship)

- Led 1C ERP data entry, document processing and transaction tracking; delivered structured datasets for internal reporting and logistics control ahead of schedule.
- Ensured accuracy and consistency of operational records; improved audit readiness.

Logistics Assistant
Jun 2021 – Jul 2021

Dimex Logistics · Contract (internship)

- Managed parcel intake, system registration and warehouse allocation for 500+ daily shipments, maintaining 99%+ tracking accuracy.

VOLUNTEER EXPERIENCE

Content Creator & Graphic Design
12 weeks

United Nations Volunteers (UNV) Online Volunteering – VIO Society (Kenya)

- Created multimedia content for the IBM SkillsBuild Reskilling Revolution Africa project targeting 35,000 learners across Kenya, Ethiopia and South Africa.
- Designed motivational messages, infographics, banners and educational graphics using Canva.

Data Researcher
2 weeks

UN Women (Central Asia)

- Updated the database of Civil Society Organizations and gender experts across Central Asia; standardized entries by formatting, terminology and country classification.

Community Initiatives
Feb 2026 – Present

UNICEF Kazakhstan · Part-time

- Implement community-based initiatives including environmental campaigns and child rights projects; organize public events and awareness campaigns.

EDUCATION

Master of Science in Logistics, Satbayev University
Jan 2024 – Jan 2026

GPA 3.45 / 4.0 · Thesis: Optimization of International Uranium Supply Routes (Kazakhstan – France) using AnyLogic simulation

Bachelor of Transport Engineering, Satbayev University Sep 2019 – May 2023
GPA 3.50 / 4.0

CERTIFICATIONS & TRAINING
